Multi-purpose

Hammamas are the multiple purpose 'Clever Cotton Towel'. Made in Turkey from 100% highest quality cotton, Hammamas absorb water as fast as a normal towel, dry very quickly and wrap up to nothing making them easy to carry. Because they are super compact, they are also the perfect travel towel.

Hammamas double up as sarongs, beach wraps, gym towels, baby wraps, bath towels, tablecloths, picnic rugs, throws. Their uses are only limited by your imagination.

We are real people who care about our products, our environment, the family co-operatives we work with, our relationships with suppliers and our customers. We have our own representation and production relationships in Turkey to ensure product supply and quality are closely controlled.
